Students are also encouraged to directly contact faculty who they feel might be appropriate capstone faculty supervisors. If a student directly contacts a faculty member, they should inform the Coordinator for their emphasis area.

- Students must fill out, submit, and receive approval of the “Application for the Capstone Experience” during the semester before seeking to enroll in the Capstone course. This is usually done 3-4 months before beginning the Capstone. Complete the application in consultation with the faculty mentor who has agreed to supervise your Capstone course. The faculty mentor and the student will communicate and finalize the application proposal, and overall plan for the completion of the Capstone. After the Faculty Mentor approves the final application the mentor will submit the application to the Director of the Master of Administration Program for final approval. Upon approval, the student will be enrolled in ADM 689 the Capstone class.
